It's a new year—a time of change and renewal. It's the perfect occasion to launch MV Mag 23, which features new takes on some of the biggest stars in adult entertainment. All four of our featured MV Stars are not only famous for their work on ManyVids, but are loved and worshipped for their headlining roles in a variety of productions. That's why we're proud and honored they're starring in this edition: we get to show off the luscious and sensual side of these scintillating ladies' famous sexuality.

Our cover girl Brooklyn Chase has shot over 300 adult films but reveals herself to us in a way she never has before in "Bare". This seductive pictorial reveals a glimpse into the real Brooklyn while illustrating exactly why she's a sensation in the adult world!

À La Mode features Kaylani Lei exploring the ancient European-like neighborhood of Old Montreal. It's the perfect background for a sophisticated photoset of a charming and classy woman who proves to us just how sexy elegance can be. Follow Kaylani as she leads you on a beautiful and erotic journey through the streets of "the Paris of the North."

Six months to a year used to be a common duration for a career as an adult entertainer, but SofiaRose began in the industry 13 years ago and is going stronger than ever. You're going to experience why her career has shined so bright because her luminous star power is near-blinding in her photoshoot "Lustrous".

Cindy Starfall's shoot "Pure" is a steamy peek in on this ravishing beauty as she treats herself, relaxes, and refreshes her body, mind, and spirit in the spa. See a whole new side of this superstar performer as you experience these intimate photos.

1. What makes you feel sexy?

I feel sexiest when I'm in comfy clothes but have false eyelashes on. I never wore false lashes before getting into the industry, and I don't feel like "Brooklyn" without them.

2. What do you consider your secret superpower or hidden talent?

I don't have a hidden talent, but I think my "superpower" is staying extremely positive, even when things are looking grim.

3. What are some of the differences between making your own content and shooting for a big porn studio?

Making your own content over shooting for a big studio is both scary and empowering. You're in total control of how you're perceived. That also means you take all the loss if the fans don't like it. But it also means a great feeling of accomplishment when the fans love it.

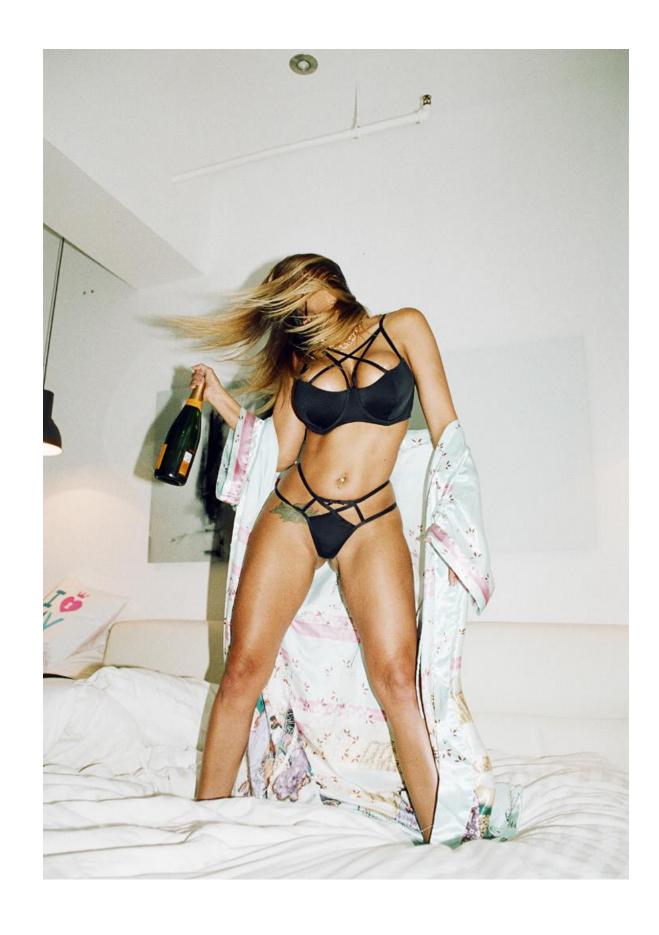

4. Which sex toy can't you live without? Which toy do you think is boring or overrated?

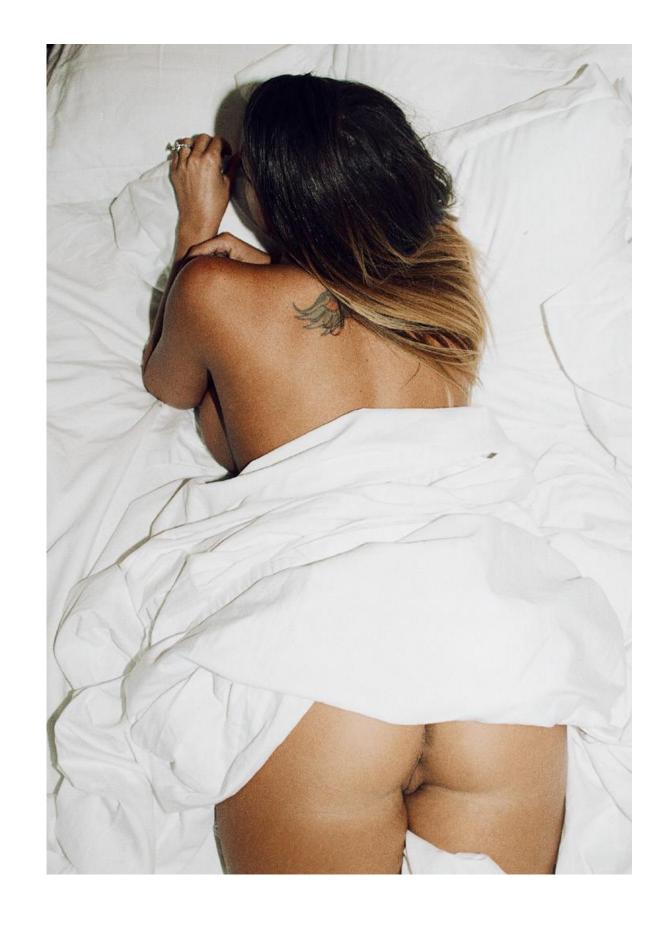

I absolutely can't live without my Hitachi. It is the best sex toy ever created! Honestly, I find dildos very boring. Dildos don't feel real, and they smell too much like chemicals.

5. In your personal life do you prefer to have sex with lights on or off? Why?

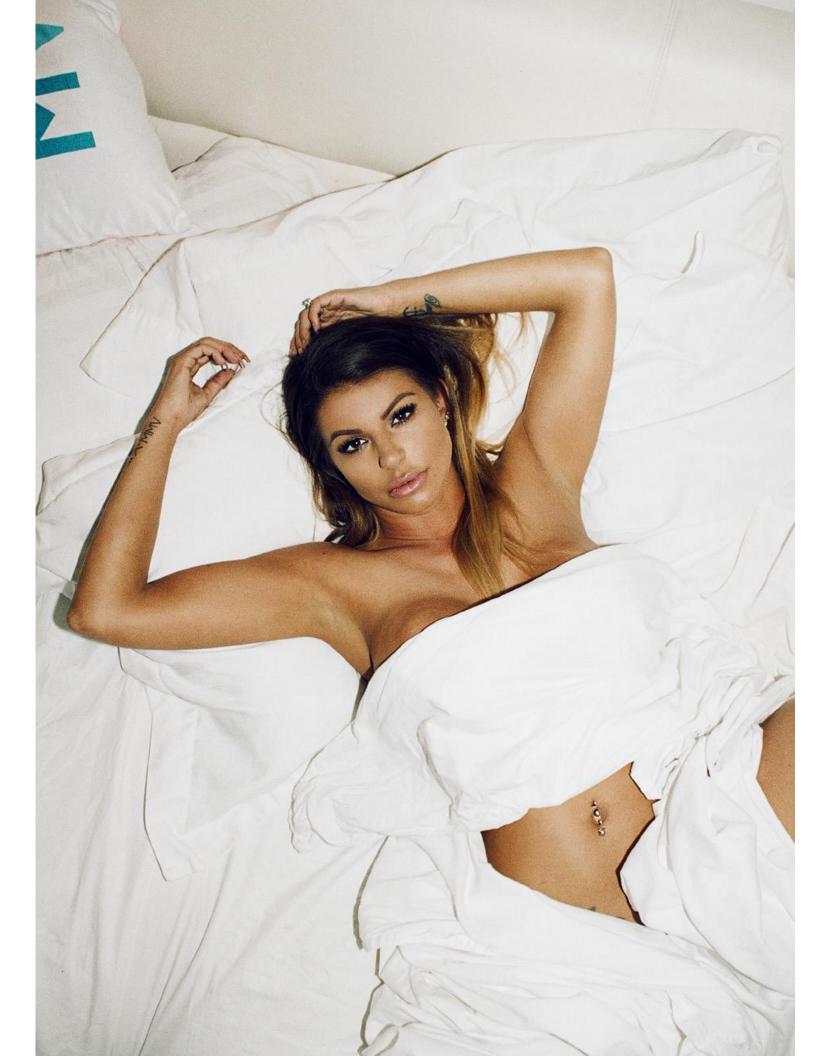

In my personal life, I prefer to have the lights off with just a little mood lighting. I think it's essential for personal sex to feel different than the experience of shooting content.

6. What was 1) the last song you sang along with? 2) The last pic you took on your phone? 3) The last movie you watched?

The last song I sang aloud to was an old Backstreet Boys song. The last picture I took was of my dog making a funny face. The last movie I watched was one of the Indiana Jones movies (just don't ask me which one!)

7. According to your personal tastes, turn-ons, opinions, and experience—what makes for the perfect hot adult vid?

The perfect adult vid takes feeling good about what you're doing. Whether it's a solo vid and you're just really feeling your hair, makeup, and outfit, or if it's for a big company and you have amazing chemistry with your co-star. No matter what type of content is being made, it will ALWAYS be better when you're comfortable in your skin.

8. What's something that always makes you laugh?

Cute vids of babies and puppies always make me laugh. My own two dogs are hilarious, too.

1. You've achieved amazing milestones in the adult industry. What are your future goals?

I've been doing so many years of performing myself, that maybe one day I would like to be on the other side of the camera...maybe...we'll see. Right now, I am focused on my site Kaylanilive, traveling, and touring, and I'm happy with where I'm at.

2. What's the earliest porno you remember watching? Did it have an impact on you?

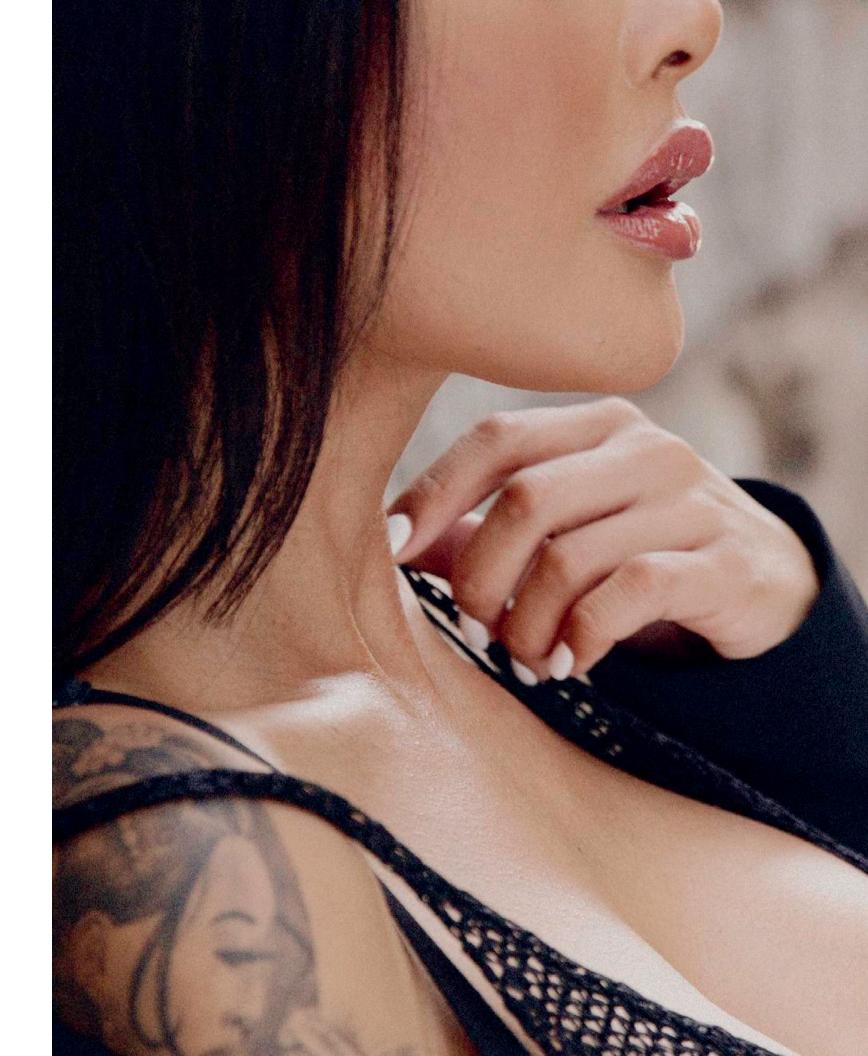

When I was 20, my boyfriend at the time and I decided to go to a sex shop and buy some porn on VHS (yes this was a long ass time ago LOL). He bought me my first battery-operated vibrating dildo. It was metallic pink with the head shaped like a bubbly heart. We went home, watched the porn we got and tried out the toy on me. I loved it. I don't remember the name of the movie, but it starred Jenna Jameson (I had no clue who she was or who any porn star was for that matter, but my boyfriend said she was a really "big deal"). The vid was of her masturbating on a bed. She was all glammed up in lingerie and the scene was so sexy and sensual. I enjoyed it, but I also knew that I could do it just as well as she did, and make it look just as pretty and hot as she did, if not better! But I still didn't think anything of it at the time. Nor did I have any clue that two years later I would be IN those porn movies myself. Needless to say, the sex was amazing that night as we tried out my new hot pink vibrator (first time ever using one) and watching VHS porn all night.

3. What's something you believe but you can't prove?

Ghosts! LOL!!

4. What is it about performing in front of an audience that turns you on?

Turning them on. Knowing that I am bringing fantasies to life, showing men what they want to see, or teaching women how to move freely and confidently. Demonstrating to women how to be visually and sexually stimulating for their partner.

5. What advice would you have for someone new to the adult industry?

Understand that whatever it is you do in front of that camera, whether it be your first scene, red carpet interview, or a paparazzi clip walking into a night club on Hollywood Boulevard after throwing back a ton of shots with your girlfriends at dinner-that footage will be there online for the world to see FOREVER. Be the person you want to watch and see on the other side of that screen. Be a freak in the sheets at home, or while the camera is rolling, but be a woman on the streets.

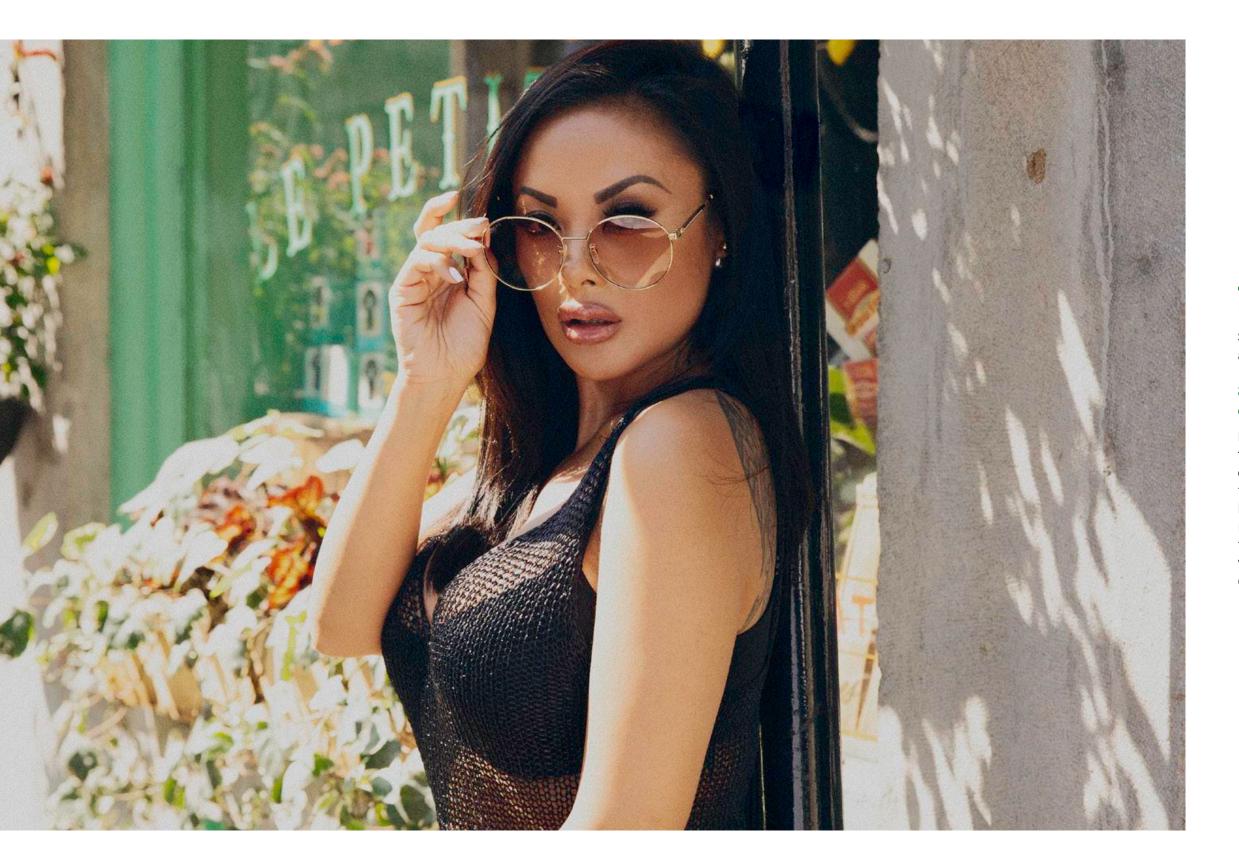

6. What makes you roll your eyes every time you hear it?

"That suitcase is bigger than YOU!" Listen, I travel all the time, I like to have a variety of outfits to choose from, I want to feel at home away from home. I have always packed heavily. I always will. Deal with it.

7. What's something you think everyone should do at least once in their life?

Skydive! It's an exhilarating rush and definitely a one of a kind experience.

8. If someone wanted to seduce you, what's the most effective way for them to do it?

Raw, true honesty. Being yourself. No showing off, trying to be tough, all that fuckboy stuff is DEAD to me. I'm so over it and way too old for it. Be just as passionate about food as me, as well as health and hygiene-conscious. Love all animals and all living things. Treat everyone with respect—as well as me, and our relationship. No asking for threesomes with my hot girlfriends. I decide what I want and when I want it. I should be enough! So be a genuinely confident, funny, and spontaneous man.

MV SELFIES MV STARS' SEXY SELFIES - FOR YOUR EYES ONLY!

Diana Deets

The quickest way to my heart is: Making me laugh.

The most overrated sex position is: Doggy.

My heroes are...and it's because...: My mama because she's my mama.

If they make a movie based on my life story, it'll be called: What the Fuck Just Happened?!

In bed, I hate when someone: Sticks a finger in my butt without warning.

My idea of a fun night out consists of: Food, laughter, and good sex.

Melissa Lauren

My signature move to drive someone wild in bed is: Dirty talk in French. It always works!

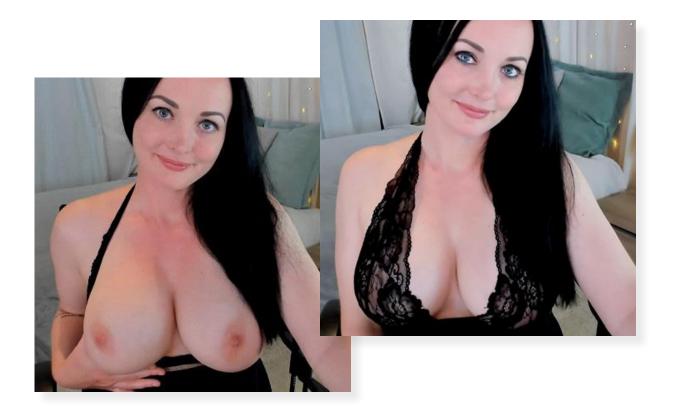

If I ruled the world the first thing I'd ban is: Probably child beauty pageants. So creepy.

One thing that attracts me to a man and/or woman is: Their brain. A nice dick and body will pique my interest, but your mind is what will keep me around.

The most ticklish part of my body is: My armpits, without a doubt!

By the end of this year I hope to achieve: "Legend" rank in Hearthstone! I have to aim high!;)

If I could I would spend all my time at this place: Koh Phi Phi, Thailand. Scuba diving everyday...yes please!

MV XPOSED SOFIAROSE

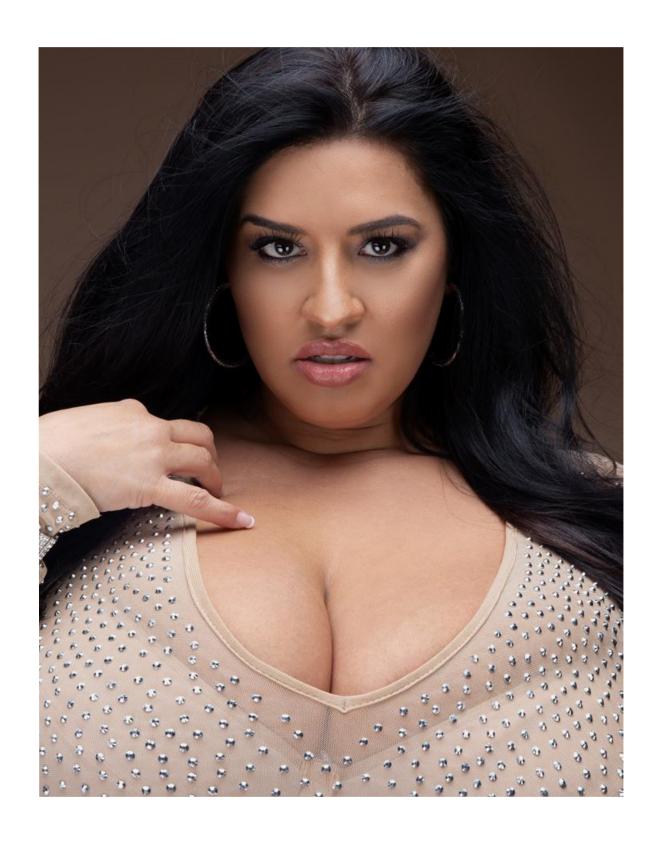

1. You've been in the industry for some time. What's something positive you've seen happening over the years in adult entertainment? What's something not so great you've seen happening?

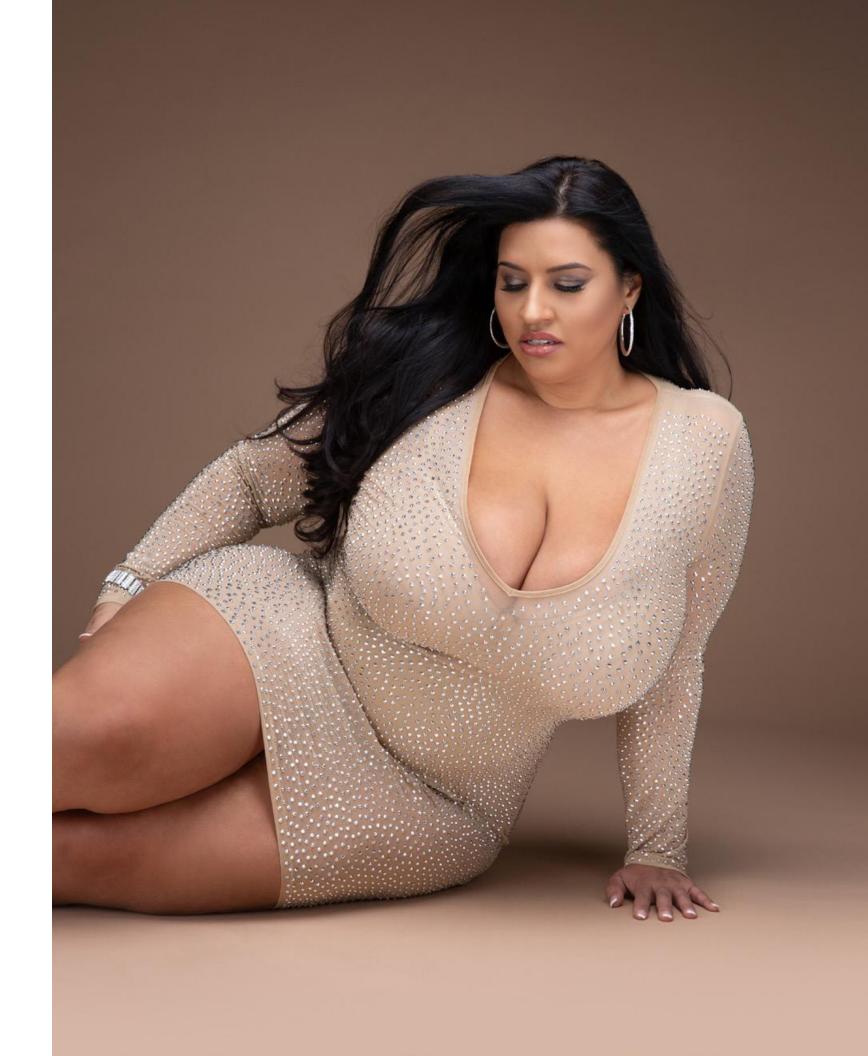

Thirteen years is a long time for this industry and it's crazy because I feel like I'm just now peaking! The BBW community has grown so much; it's crazy how once it was a dirty dozen of BBW performers and now there are thousands. It only shows that the body-positivity movement and size acceptance has been growing. The industry has really begun to accept us and I'm seeing more and more performers who want to work with us outside of a "fetish". The not so great: We still have this major hierarchy among performers. There's still a lot of pettiness and negativity. As a community, we will never succeed and be accepted if this doesn't change within us first. So many people believe it never will, so they stay focused on only themselves, but I've literally watched changes happen. We are capable of more. This goes for the BBW community but also for adult as a whole. There is so much power in unity.

2. What's the best part of being a BBW?

In one of my first interviews in 2006, I said I liked that I was unique. I still stand by that. As a BBW, you have the opportunity to stand out on your own terms on a greater scale. I feel as a slender woman, it's much more competitive and harder to stand out and be unique as an individual.

3. What are your hobbies and passions outside of being an MV Star?

Animal sanctuaries, animal rights, and veganism. I also enjoy being a mentor to models and a life coach. My gift is inspiring confidence in those I interact with, no matter their race, sex, or size. I'll have you believing in yourself!

4. Imagine you had an unlimited budget and unlimited resources to make a vid for MV, what would this dream project look like?

It would be a full-feature horror/sex film centered around fetish and inclusive of all sizes and types.

5. What animal would be cutest if scaled down to the size of a cat?

An elephant. They are such beautiful creatures, so smart and lovable.

6. What's one piece of advice you'd give your 16-year-old self?

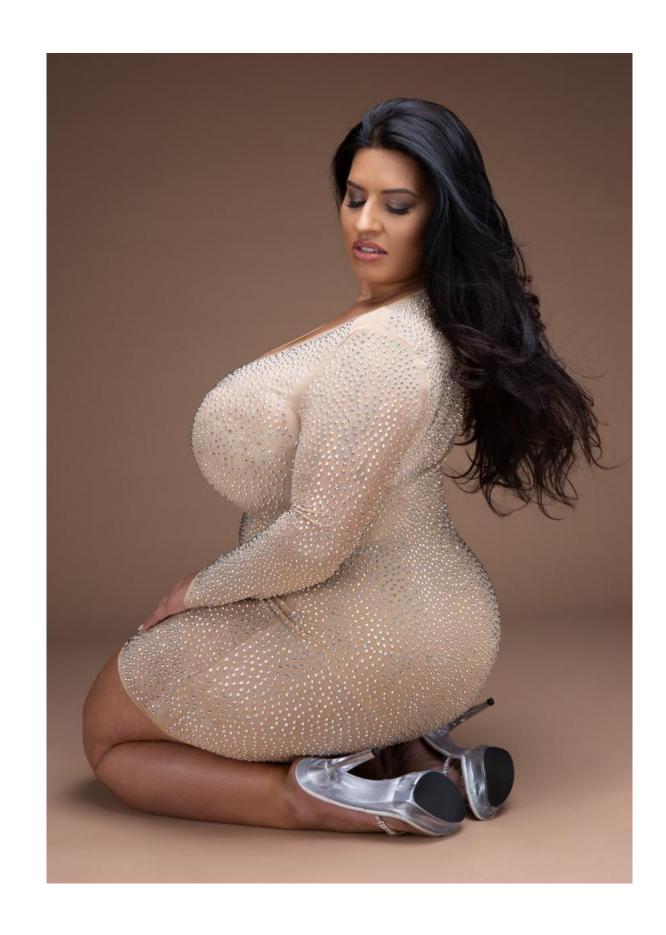

You're a survivor, you will survive this! I didn't learn this till my 30s.

7. Are there any sex acts you haven't done in front of the camera that you're keeping for the future?

Yes. I haven't done anal or a gangbang. I also want to do an extreme facial. I'm just not sure that it will happen before I retire as hardcore performer.

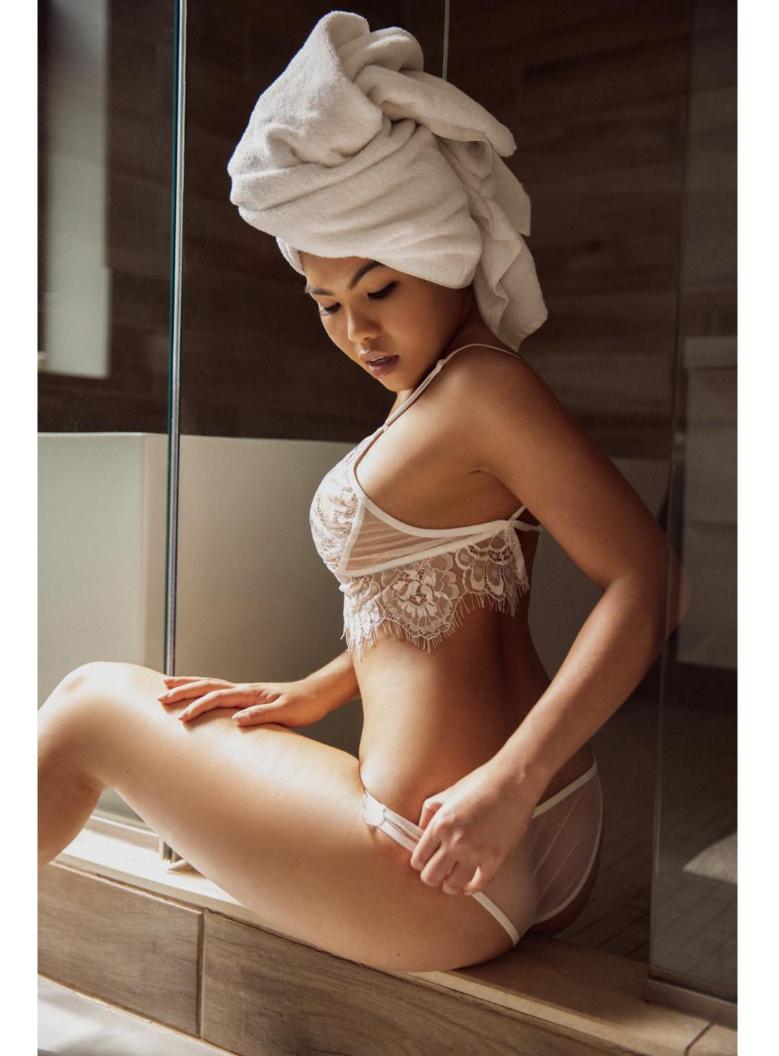

8. What emoji do you use the most?

The eyeroll or facepalm or my sassy Bitmoji.

MV XPOSED - CINDYSTARFALL

1. What's something about you that would surprise your fans?

I can be a huge nerd when it comes to all things Pokémon. I'm a woman, but I can be a kid at heart.

2. What do you love most about the adult industry?

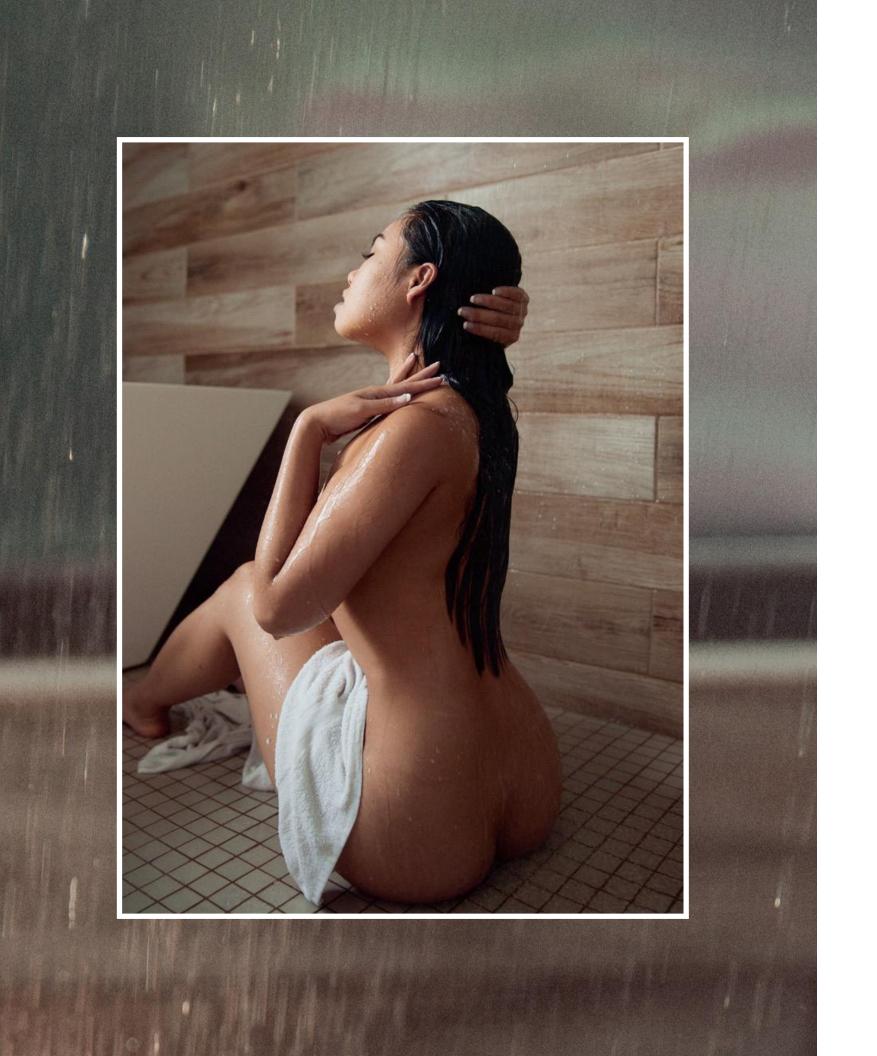

Performers can be their own boss. There are many platforms such as ManyVids to help performers be their own independent producers and own their content. It's not a 9-to-5 job. The more you hustle, the more money you will make. So, the performer is in charge of their own fate and destiny.

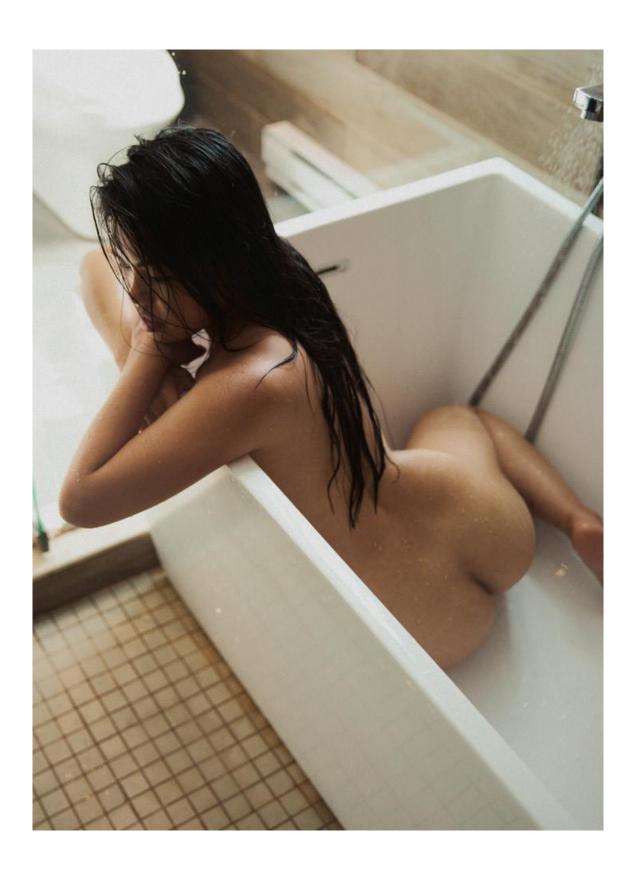

3. What fetishes do you enjoy in your personal sex life? Are there any you keep just for in front of the camera?

I love getting creampied. It's hot to me. I love getting my tits squeezed and hearing that you're going to cum inside me.

4. What's one piece of sex advice you've learned from being an adult star that everyone should know?

If you're licking out your girl and she said she's about to pee, that means she wants to squirt. You should encourage her to squirt because it is an orgasm. It's not really pee. I've been embarrassed before, but my partner told me to let it go. It was one of the best orgasms I've ever had.

5. What's something people don't worry about but really should?

Getting tested. People meet random people at the bar, and nobody wants to use condoms. So have your partner get tested. You can make a date out of it to go get tested together. All my boyfriends are tested right before I want to see them. It sounds crazy, but I don't want to worry about my health after good sex.

6. What's the funniest joke you know by heart?

"Four people having sex together is called a foursome. Three people having sex is called a threesome. Now I know why they call you handsome."

7. What should someone say if they wanted to dirty talk to you?

I love being called a slut. Tell me how much you are going to fuck your Vietnamese slut.

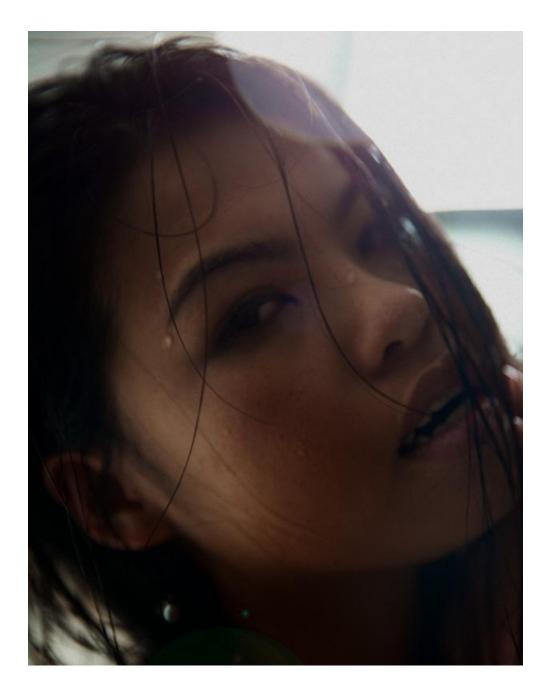

8. What's the strangest crush you've ever had?

I have a crush on Bulma from Dragon Ball Z, and she's not even a real human. She's an anime character that always shows off her panties to seduce the old Master Roshi. She uses her sexuality to her advantage and every time I watch her, I just imagine her being gang banged by Goku, Master Roshi, and Oolong.
